❖ Dashboard

- ★ On the Dashboard, the top of the page displays a Welcome message with your User Name and Firm Name, along with your Last Login Time, Session Time, a Page Zoom button, and your Customer Profile information.
- ★ You will also be able to view the following:
 - Your Primary Account Number, Current Balance, and the Last 10 Transactions
 - By clicking on "View All Balance", you can view the balances of all your linked accounts in one consolidated view.
 - By clicking on "View All Transactions", you will be redirected to the Account Statement page. Where, you can select the desired account, choose a specific date range, and view or inquire about your transactions for the selected period.
 - A summary of your Assets and Liabilities
 - Pending Actions/Approval (this option will be visible to those corporate who have two or multiuser authorization)
 - A Password Expiry Notification and Change Password options.
 - A list of All Accessible Accounts at the bottom of the page
- ★ On the Profile section, located on the right side of the dashboard, you can manage and update your profile details like De-Register User, Select/Change Primary Account and Sign out option.

The screenshot shows the Kalupur Bank dashboard. At the top, there's a header with the bank logo, a welcome message, the last login time (06/05/2025 11:08:31 PM), and the session time (9:21). Below the header is a sidebar with navigation options: Dashboard, Account, Transactions, Service Requests, Bill Payment, Bulk Upload, and Pending Approval. The main content area is titled 'Dashboard' and includes a 'Refresh' button. It displays 'Account & Last 10 Transactions' with a table showing transactions for the account number 15/05/2025. The table includes columns for Date, Description, and Amount. The current balance is ₹ 11,300.98. On the right, there's a 'Customer Relationship Summary' section showing 'Assets' (₹ XXX300.98) and 'Liabilities' (₹ 0.00). Below this, there are two expiration notices: 'Your Login Password Expires In 61 days on 14/07/2025 04:02:28 PM' and 'Your Transaction Password Expires In 61 days on 14/07/2025 04:02:28 PM'. Both notices have buttons to 'Change Login Password' and 'Change Transaction Password' respectively.

- ★ You can change your Login Password and Transaction Password by clicking the respective buttons — “Change Login Password” and “Change Transaction Password” — available on the Dashboard.
- ★ Once you click on "Change Login Password",
 - Below screen will appear where you need to enter your existing login password, your new login password, and then re-type the new password to confirm it.
 - After submitting these details, the system will prompt you to enter an OTP sent to your registered mobile number.
 - Once you submit the OTP successfully, your login password will be updated. You will then be required to log in again using your new login password.

The screenshot shows a 'Change Login Password' modal window. It has a title bar with a close button. The modal is divided into sections: 'Password Details' and 'Confirm New Login Password'. Under 'Password Details', there are three input fields: 'Old Login Password', 'New Login Password', and 'Confirm New Login Password'. Each field has a red 'X' icon indicating a validation error. Below the input fields, there are four error messages: 'Length of password must be 8 characters long', 'Password must have at least one special character', 'Password must have at least one digit', and 'Password must have lowercase & uppercase'. At the bottom of the modal, there are two buttons: 'Submit' and 'Cancel'.

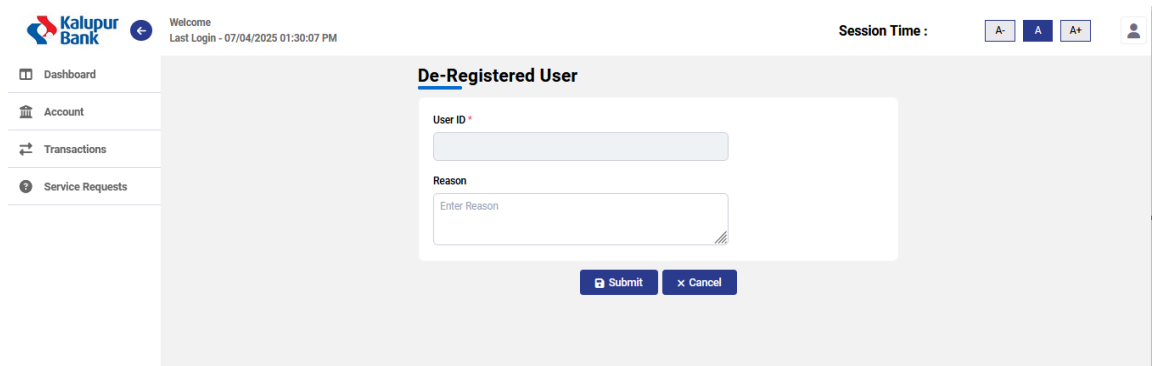

- ★ Once you click on "Change Transaction Password",
 - Below screen will appear where you need to enter your existing transaction password, your new transaction password, and then re-type the new password to confirm it.

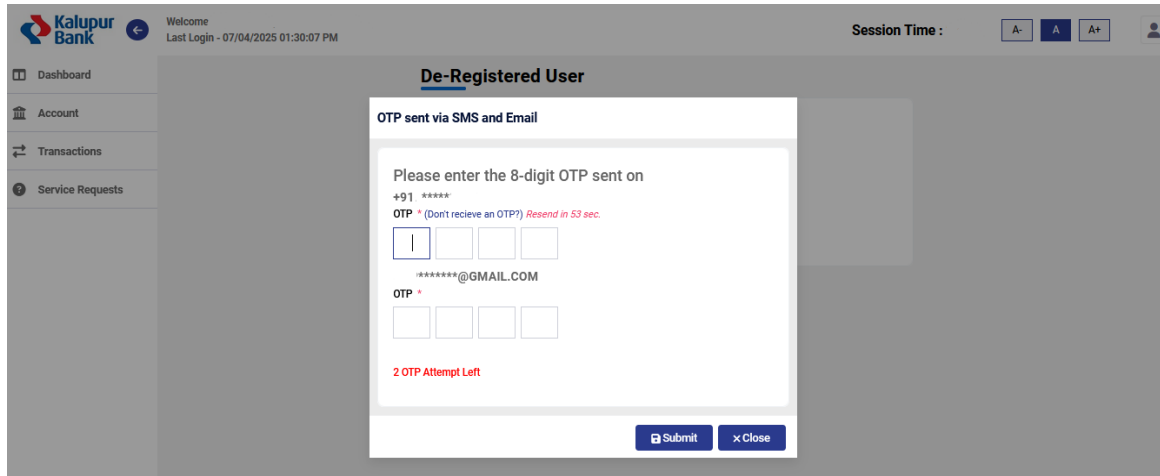

- After submitting these details, a One-Time Password (OTP) will be sent to your registered mobile number.
- Once you enter the OTP and submit it, your transaction password will be successfully updated. You will then be required to log in again to continue using Net Banking services.

★ **De-Register:** If you no longer wish to use Internet Banking service, you can de-register yourself directly from the portal.

- To do so, enter the reason for de-registration and click Submit. Upon submission, you will receive two separate OTPs — one on your registered mobile number and another on your registered email ID.
- After successfully completing the de-registration process, if you wish to re-activate Internet Banking services in the future, you must visit your home branch and fill out an Internet Banking Registration Form again.

Enable OTP On Registered Email (For Both View Only & View & Transaction Facility)

- By default, the setting for Enable OTP on Registered Email will be set as "No". It means, To complete transactions along with transaction password (for financial and non-financial), OTP will only be sent to the registered mobile number.
- If user select "Yes", Then OTPs for all transactions (both financial and non-financial) will be sent on both registered email and mobile number. When user select YES, and do submit then system will ask terms condition, Same need to be accepted by user for further process.

T&C Details

Customers Risk Acceptance - Enabling OTP via Email

By opting to receive Internet Banking OTPs through email, the customer accepts the following risks:

- Increased Exposure to Cyber Threats:** Email accounts are more vulnerable to phishing and attacks (e.g. phishing, compromised accounts, or lack of encryption) compared to secure channels like SMS.
- Delivery Delays:** Email delivery can be delayed due to spam filtering, network issues, or server problems, which may hinder time-sensitive transactions.
- Account Compromise Risk:** If the customer's email account is compromised, the attacker may intercept OTPs and gain access to online banking services.
- Shared or Public Devices:** If email is accessed on shared or insecure devices, there's a higher risk of OTP interception.
- Mitigation Measures May Be Limited:** Bank may not be responsible for covering losses resulting from fraud if OTPs are sent via email that the customer has voluntarily accepted.
- Please note:** Bank will not send OTP via email for Login Page, Set/Reset Password and Forget Security Answers even if the customer has enabled OTP via email.

I acknowledge and accept the risks associated with receiving internet banking OTPs for Login and Transactions via email, including potential unauthorized access to my email account. I understand that this method may be less secure than other available options, and I take full responsibility for any risks or losses that may arise and ensuring

Confirm **Cancel**

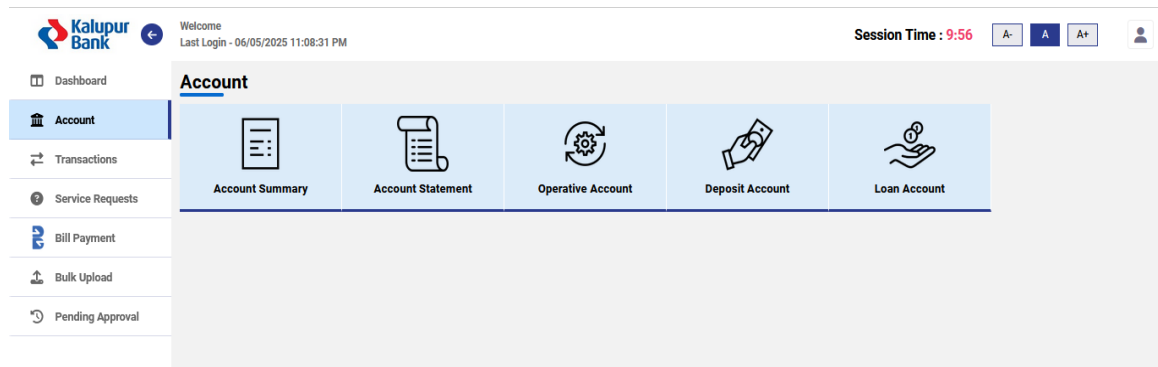

Note : OTP for Login, Set/Reset Password & Forgot security Answer will be only sent to user's registered mobile number, even if user sets "Yes" for Enable OTP on Registered Email.

2. Disable Two Factor Authentication (Only for View Only Facility)

- This button only available when user has availed view only facility. By default, the setting to disable Two-Factor Authentication is set to "No". It means, when User do login, an OTP will be sent to the registered mobile number as an additional factor of authentication along with login password.
- If user selects "Yes", Then OTP will not be required at the time of login. User will be able to do login directly by entering their login password.

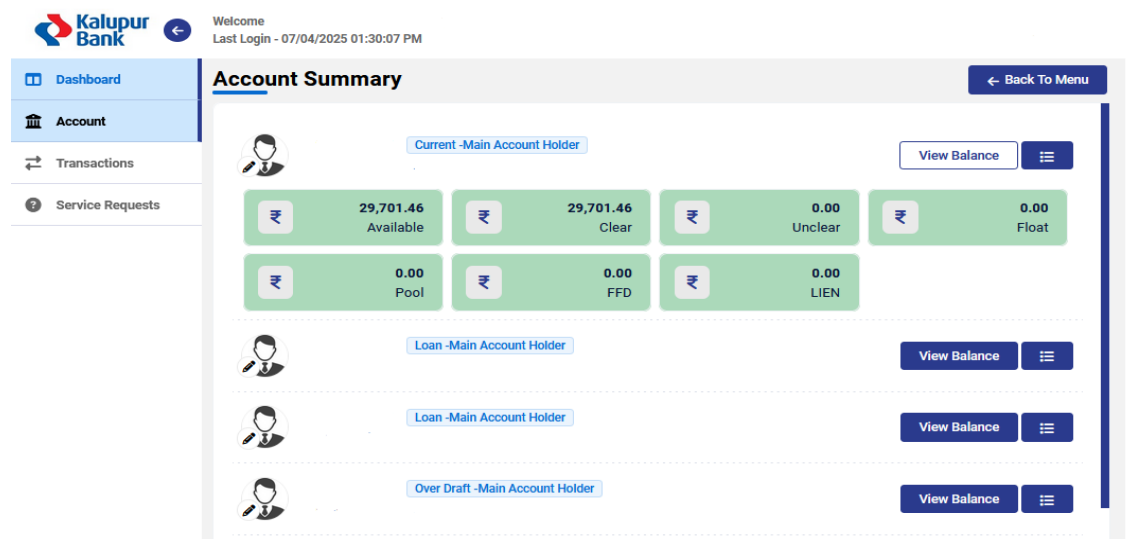

❖ Account:

- ★ Under the 'Account' menu, several submenus are available for viewing account details based on the type of account, such as Operative Accounts, Deposit Accounts, and Loan Accounts. You can also access your Account Summary and generate detailed Account Statements from this menu.

❖ **Service Requests:** Using Service Requests Menu, you can avail various services like

- Request Cheque Book
- Positive Pay Request
- Stop Payment of Cheque
- ASBA
- Deposit Certificate
- Service Request History
- Lien Inquiry

★ Request Cheque Book

- By using this functionality, you can apply for a cheque book by selecting your desired account. By default, a cheque book with 45 leaves can be requested, and only one request per account per day is allowed.
- Cheque book will be delivered to your home branch.
- After clicking the Submit button, you will be prompted to enter your Transaction Password. Once submitted, a One-Time Password (OTP) will be sent to both your registered mobile number and email ID.
- Upon entering the OTP, your cheque book request will be placed successfully.

★ Positive Pay Request

- By using this functionality, Customer can submit his/her positive pay request by selecting his/her Account Number:
 - Cheque Number:
 - Cheque Issue Date:
 - Issue In Favor Of:
 - Cheque Amount: Amount written in figures displayed to you in words also.
- If the entered cheque number is already used then the customer will face an error. 'Your entered cheque number is already used' And if a positive pay request of entered cheque is already submitted by customer by any channel. Then the system will give an error as 'You've already submitted a request for this cheque number'.
- On clicking the Submit button, Customer has to enter his/her Transaction password and on submitting Transaction password, OTP (One time password) will receive to customer's registered mobile number and also on his registered mail id.
- On submitting one time password Positive pay request for entered cheque details is placed successfully.

The screenshot shows the 'Positive Pay Request' form in the Kalupur Bank web portal. The left sidebar contains navigation links: Dashboard, Account, Transactions, and Service Requests (highlighted). The top header shows the Kalupur Bank logo, a welcome message, and the last login time (09/04/2025 10:59:51 AM). The form itself is titled 'Positive Pay Request' and includes a 'Back To Menu' button. Under the 'Basic Details' section, there are input fields for:

- Select Account Name/Number (with a dropdown arrow)
- Account Number
- Cheque Number (with a hint 'Enter Cheque Number')
- Cheque Issue Date (with a hint 'Select Date' and a calendar icon)
- Issued In Favour Of (with a hint 'Enter Issued In Favour Of')
- Cheque Amount (with a hint 'Enter Amount' and a rupee symbol)
- Cheque Amount In Words

 At the bottom of the form are 'Submit' and 'Cancel' buttons.

★ Stop Payment of Cheque

- Using this option, you can Stop Payment of your cheque.

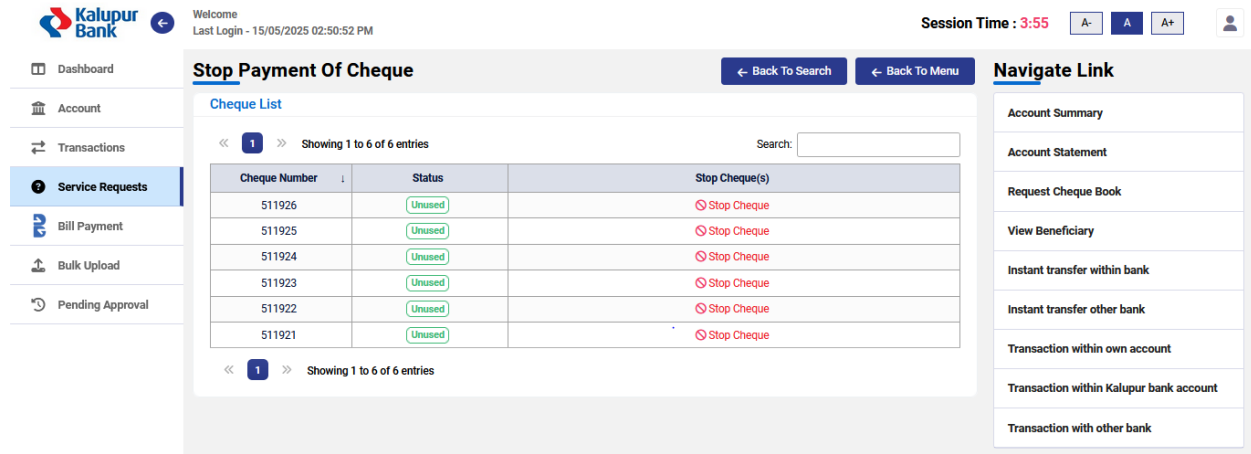

The screenshot shows the 'Stop Payment of Cheque' form in the Kalupur Bank web portal. The left sidebar contains navigation links: Dashboard, Account, Transactions, Service Requests (highlighted), Bill Payment, Bulk Upload, and Pending Approval. The top header shows the Kalupur Bank logo, a welcome message, the last login time (15/05/2025 02:50:52 PM), and the session time (5:39). The form is titled 'Stop Payment of Cheque' and includes a 'Back To Menu' button. Under the 'Search Criteria' section, there are input fields for:

- Select Account Name/Number (with a dropdown arrow)
- Account Number
- Cheque Number From (with a value of 511921)
- Cheque Number To (with a value of 511926)

 At the bottom of the form are 'Search' and 'Reset' buttons. On the right side of the form, there is a 'Navigate Link' section with a list of links:

- Account Summary
- Account Statement
- Request Cheque Book
- View Beneficiary
- Instant transfer within bank
- Instant transfer other bank
- Transaction within own account
- Transaction within Kalupur bank account
- Transaction with other bank

- After entering cheque number and clicking on the Search button you will be shown the details of cheque whether it passed or unused. If cheque is already passed and you click on Stop cheque then you will be alerted with message as “The cheque cannot be stopped as the cheque is already paid”.

❖ Debit Card Control

- Using this option, you can manage Debit card channel & limit settings, Block & Unblock (if blocked temporarily) Apply Virtual Debit Card, View Debit Card and Set/Reset your Debit Card PIN.

- On clicking “Debit Card Channel & Limit Settings”, the Below screen will be visible to you.
- Using this option, you can set Debit Card transaction limits for channel types like ATM Withdrawal, ECOM, POS and TAP & PAY (Contactless).
- Using this option, you can also ON/OFF particular channel types like ATM Withdrawal, ECOM, POS and TAP & PAY (Contactless).

Channels Type	Set Transaction Status	Set Transaction Limit (Per Day)	Action
ATM Withdrawals	On Off	50000	Edit
Online Shopping - ECOM	On OFF	0	Edit
In-Store Shopping - POS	On Off	50000	Edit
Tap and Pay	On OFF	0	Edit

- You need to select your Account number from drop down.
- Based on your account number selection, the Active Debit card number linked to your account will be fetched by system. You need to select from the drop down.
- You can modify your channel’s transaction limit as well as you can ON/OFF them as per your usage requirement.
- After modifying channels settings, on clicking Submit Button, Confirmation screen will be displayed to you and you will ask to enter your Transaction password.
- On entering a valid Transaction Password. You will receive OTP on your registered Mobile Number and Email ID.
- On submitting valid OTP. Your modification will be successful and you will be notified thru SMS as well.

- On clicking “Debit Card Block & Unblock”, the Below screen will be visible to you.
- Using this option, you can Block & Unblock (if blocked temporarily) your Debit card.

The screenshot displays the 'Debit Card Block & Unblock' interface on the Kalupur Bank website. The top header includes the bank logo, a welcome message, the last login time (20/11/2025 01:17:50 PM), and session time controls. The left sidebar lists navigation options: Dashboard, Account, Transactions, Service Requests, Bill Payment, Bulk Upload, and Debit Card Control (highlighted). The main content area is titled 'Debit Card Block & Unblock' and features a 'Back To Menu' button. The form includes a 'Select Account Name/Number' dropdown, an 'Account Number' input field, a 'Debit Card' dropdown (showing 817587XXXXXX0150), a 'Debit Card Status' dropdown (showing Active), and an 'Options' dropdown (showing Select). At the bottom are 'Submit' and 'Cancel' buttons. The right sidebar, titled 'Navigate Link', lists various services: View Beneficiary, Account Summary, Account Statement, Instant transfer within bank, Transaction within own account, Transaction within Kalupur bank account, and Transaction with other bank.

- You need to select your Account number from drop down.
- Based on your account number selection, the Active Debit card number linked to your account will be fetched by system. You need to select from the drop down.
- You can select Permanent Block/Temporary Block as per your wish.
- On Selecting card Block options, you need to select the reason for Blocking.
- On Selecting reason, on clicking on Submit button. System will give a pop-up message as mentioned below.
- Temporary Block: If You do temporary block of your Debit Card, then same can be unblock by accessing Debit card security -> Debit Card Block & Unblock
- Permanent Block: If You do Permanent block of your Debit card, then the same cannot be unblocked by you by any way. You need to apply for a new Debit card by visiting your home branch.
- On clicking the Yes button Confirmation screen will be displayed to you and you will ask to enter your Transaction password.
- On submitting valid OTP. Your modification will be successful and you will be notified thru SMS as well.

- On clicking “Virtual Debit Card”, the below screen will be visible to you.
- Using this option, you can generate Virtual Debit Card instantly.

- You need click on Apply Now button available on Card Image.
- On clicking Apply Now button, you will be asked to Select your Account number from the drop-down list for account you wish to generate Virtual Debit Card.
- Virtual Debit Card will not be generated if an account already has an active or temporarily blocked physical or another virtual debit card.
- To proceed further, you need to Accept the Terms and Conditions. To read the Terms and Conditions you need to click on the same.
- On clicking the Submit button, Confirmation screen will be displayed to you and you will ask to enter your Transaction password.
- Click on Submit, on successful validation you will receive an OTP on your registered Mobile number, Enter the OTP in the given field and click on Submit.
- On submitting valid OTP. Virtual Debit Card will be generated successfully.
- You can view generated Virtual Debit Card using “View Debit Card”. Using this menu, you can also able to view your physical debit card details with status of the card.

- Initially, Virtual Debit Card will be issued in a disabled state for E-Commerce usage. Customer may enable E-Com transactions and modify daily limit through Card control option available in various alternate channels.
- On clicking “Debit Card PIN Set/Reset”, the Below screen will be visible to you.
- Using this option, you can Set/Reset your Debit Card PIN without visiting physical ATM of Kalupur Bank.

The screenshot displays the 'Debit Card PIN Set/Reset' interface on the Kalupur Bank website. The page includes a sidebar with navigation links such as Dashboard, Account, Transactions, Service Requests, Bill Payment, Bulk Upload, and Debit Card Control. The main content area is titled 'Debit Card PIN Set/Reset' and features a 'Debit Card Pin Reset' form. The form contains the following fields: 'Select Account Name/Number' (a dropdown menu), 'Account Number' (a text input field), 'Debit Card' (a dropdown menu), 'Expiry' (a date picker), and 'CVV' (a text input field). Below the form are 'Submit' and 'Cancel' buttons. To the right of the form is a 'Navigate Link' sidebar with a list of links: View Beneficiary, Account Summary, Account Statement, Instant transfer within bank, Transaction within own account, Transaction within Kalupur bank account, and Transaction with other bank.

- You need to select your Account number from drop down.
- Based on your account number selection, the Debit card number linked to your account will be fetched by system. You need to select from the drop down.
- You need to enter valid Expiry date in Expiry date field in mm/yy format and valid CVV in CVV field. To proceed further you need to click on Submit button.
- On clicking the Submit button, Confirmation screen will be displayed to you and you will ask to enter new PIN and Confirm new PIN along with your Transaction password.
- Click on Submit, on successful validation you will receive an OTP on your registered Mobile number, Enter the OTP in the given field and click on Submit.
- On submitting valid OTP. Your new PIN for your Debit Card will be updated.

❖ Bill Payment

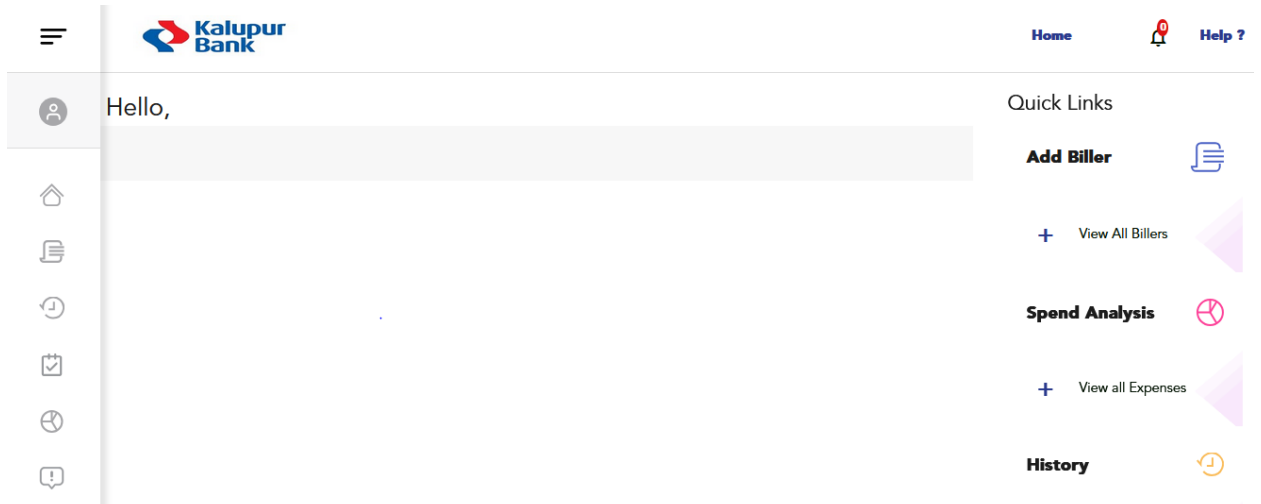

- Using the Bill Payment option, you can pay various utility bills such as electricity, telephone, mobile, gas, credit card bills, FASTag recharges, municipal taxes, and more. Upon clicking on 'Bill Payment', the screen shown below will appear. Here, you need to click on the 'Bill Pay' button.

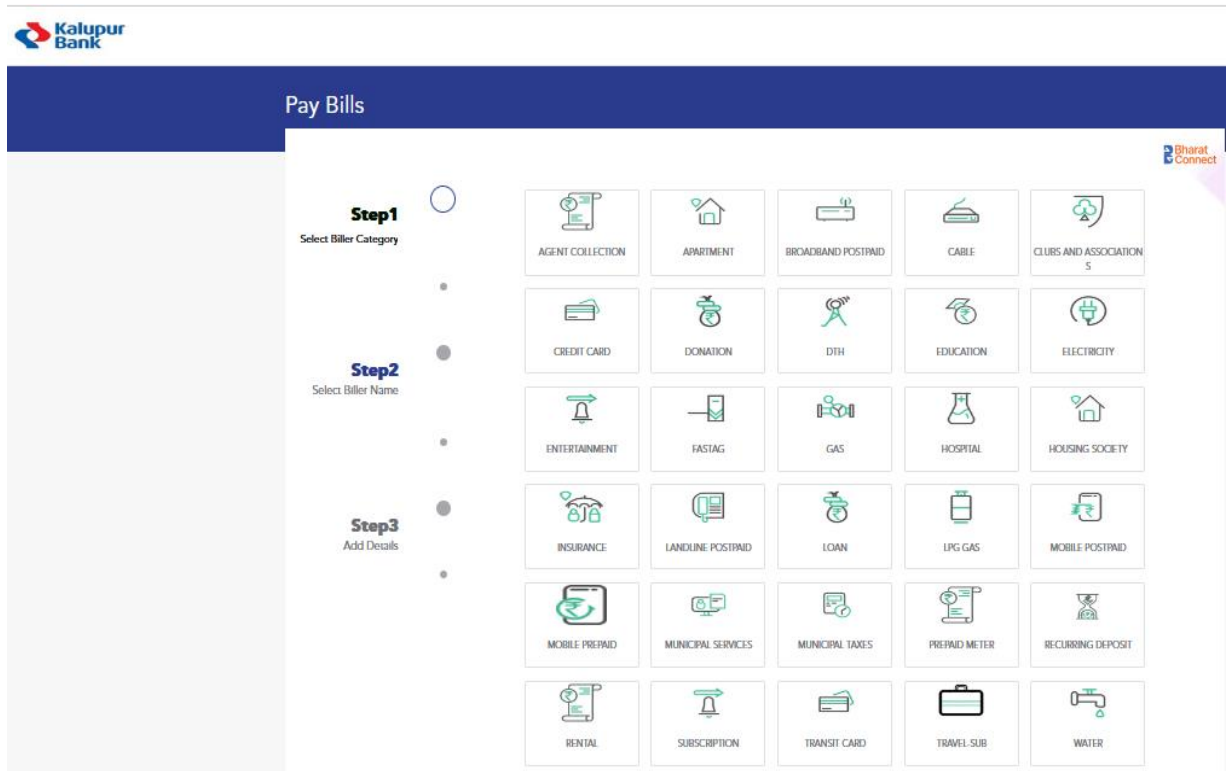

- On clicking 'Bill Pay', a pop-up will be displayed with the message: 'Please note, on clicking the Yes button, you will be redirected to your BillPay session.' If you click 'Yes', you will be redirected to the bill payment session shown below. If you click 'Cancel', you will remain on the same page.

- Upon being redirected to the Bill Payment portal, screen shown below will appear. To return to your Internet Banking session, simply click the 'Home' button located at the top right corner.

- On clicking the 'View All Billers' option, a list of all biller categories will be displayed. You can select a biller based on your requirement.

- For example, if you select the Electricity category to pay your bill to Torrent Power, you will need to enter the required details—such as your Consumer Number and City name (Ahmedabad, Agra, Surat, Bhinwandi, Shilnumbrakalwa) — to fetch your outstanding bill.

- If you want to save this biller to your biller list, simply click on 'Save to My Bills'. Upon doing so, the system will prompt you to enter a short name. You can choose any short name, but it should not contain spaces or special characters.

❖ Bulk Upload

- By using this functionality, you can upload both **bulk payment files** and **bulk beneficiary files**.
- A bulk payment file allows you to initiate transactions to multiple beneficiaries at once, while a bulk beneficiary file enables you to add multiple beneficiaries by uploading a single file.
- To use this feature, you need to prepare an Excel file containing the required beneficiary details, transaction amounts, and the debit bank account number. Once the file is ready, you can upload it using the "Payment Upload" option.
- After uploading, the system will validate each record in the file. If there is any issue with a specific entry, it will be highlighted and can be reviewed by clicking the eye icon for the respective record.

★ Beneficiary Upload (Beneficiary Bulk Upload Instructions)

- You can download the sample format for bulk beneficiary upload by navigating to: Bulk Upload → Beneficiary Upload → Download Template. This will provide a blank Excel sheet with the required headers.
- Beneficiary bulk files can only be uploaded on bank working days between 10:00 AM and 6:00 PM. (Please note: This timing is subject to change from time to time.)
- Once a file is uploaded, it cannot be uploaded again with the same file name. If you need to re-upload, please rename the file—each file name must be unique.
- **Required Fields in Bulk Beneficiary File**
- To upload beneficiaries in bulk, ensure the following fields are accurately filled in the Excel template:
 - **Bnf Name:** Enter the beneficiary's full name.
 - **Nick Name:** Provide a short name or nickname for the beneficiary.
 - **Bnf A/C No.:** Enter the beneficiary's account number.
 - **Bnf Bank Type:** Enter appropriate 3-character bank code: (OBK for other banks and HBK for within-bank transactions)
 - **Bnf IFSC Code:** Enter the IFSC code of the beneficiary's bank. *(This is not required for within-bank beneficiaries.)*

- **Bnf Amount Limit:** Enter a valid daily transaction limit for the beneficiary.
Note: Values must be greater than zero; 0 or negative amounts are not accepted.
- **Bnf Category:** Select from the predefined list in Sheet 3: Self, Family, Friend, Vendor, Employee, Other. If not specified, the system will automatically assign the category as "Other".
- **Bnf Mobile Number:** This is Optional field. If provided, it must be a valid 10-digit number.
- **Bnf Email ID:** This is Optional field. If provided, it must follow a standard email format.

- **Note:** (Please note: This guideline is subject to change from time to time)
 - Fields 1 to 6 are mandatory and must be filled in.
 - File should not contain any special characters (e.g. @#&'?'*) in any Fields.
 - A maximum of 50 records can be uploaded in a single file.
 - You can upload up to 5 files per day.
 - After uploading a file, please allow 5 minutes for system processing.
 - Once processed, click on the file name to view uploaded records and proceed. You may select all valid records or only specific ones for addition.
 - Any valid but unselected records will be automatically rejected.
 - If you detect errors and wish to reject the entire file, you can delete the file from the "View" tab.
 - Beneficiaries added through bulk upload will be activated after 2 hours, similar to single beneficiary additions.

Instruction List

Beneficiary Bulk Upload Instructions:

- Beneficiary bulk files should be uploaded on bank working days between 10 AM to 6 PM.
- Once a file is uploaded, it cannot be uploaded again with the same name. To re-upload, please rename the file. (File Name must be unique.)

Required Fields in Bulk Beneficiary File:

- Bnf Name: Enter the Beneficiary full name.
- Nick Name: Enter the Beneficiary nickname (shortname)
- Bnf A/C no: Enter the Beneficiary Account Number
- Bnf Bank Type: Enter a 3-digit code (For other banks "OBK" and for within-bank transactions "HBK")
- Bnf IFSC Code: Enter the Beneficiary IFSC Code (not mandatory for within-bank beneficiaries)
- Bnf Amount Limit: Enter a valid amount for the Beneficiary. Please note, that 0 or negative amounts are not accepted. This limit sets the maximum daily transaction amount for the Beneficiary.
- Bnf Category: Enter a category from the predefined list in Sheet 3. Categories include: "Self", "Family", "Friend", "Vendor", "Employee", "Other". If category is not entered, the system will set default category as "Other".
- Bnf Mobile number: This is optional, but if provided, it must be a valid 10-digit number.
- Bnf Email Id: This is optional, but if provided, it must follow standard email format.

- By clicking on Download Template, you will get a sample Excel file with predefined headers. Enter your beneficiary details in the provided format, ensuring all required

fields are filled correctly. Once completed, click on Select File to choose the file from your system, then click Upload.

- Upon uploading, a prompt message will appear: "Your file uploaded successfully. Check after some time." You can track the upload status in the View Beneficiary Upload section, where the file status will initially show as Processing.
- Once processing is complete, the status will change to Uploaded, and a hyperlink will be activated on the file name.
- To proceed with processing the file, click on the file name. Upon clicking, the detailed screen for beneficiary review and further actions will be displayed.

★ Payment Upload (Payment Bulk Upload Instructions)

- You can download the sample format from the following paths:
- a. Transactions → View Beneficiary
 - Select your desired beneficiary records for payment or select all, then click on Payment Excel. This will generate an Excel file with pre-filled data such as Beneficiary ID, Beneficiary Name, Account Number, and IFSC.
- b. Bulk Payment Upload
 - Click on Download Template to download a blank sheet with headers.
- Payment bulk files can only be uploaded on bank working days between 10:00 AM and 6:00 PM. (Please note: This guideline is subject to change from time to time)
- Only .xls and .xlsx file formats are allowed for upload. The file size must be less than 1 MB.
- File should not contain any special characters (e.g. @#&'?"*) in any Fields.
- Once a file is uploaded, it cannot be uploaded again with the same file name. To re-upload, please rename the file. (File name must be unique)
- **Required Fields in Bulk Payment File:**
 - **Bnf ID:** Enter the Beneficiary ID.
 - **Bnf Name:** Enter the Beneficiary's full name.
 - **Bnf A/C No:** Enter the Beneficiary's account number.
 - **Bnf Bank Type:** Enter a 3-digit code – use "OBK" for other bank transactions and "HBK" for within-bank transactions.
 - **Bnf IFSC Code:** Enter the IFSC code of the Beneficiary (not mandatory for within-bank beneficiaries).
 - **Debit A/C No:** Enter the valid debit account number from which the payment is to be made.

- **Transaction Mode:** Specify the payment mode – use "WIB" for within-bank, "NEFT" or "RTGS" for other banks.
- **Amount:** Enter the amount to be paid to the Beneficiary.
- **Debit Remarks (optional):** Add any remarks related to the debit transaction for your reference.
- **Credit Remarks (optional):** Add any remarks related to the credit transaction for the Beneficiary's reference.

○ **Note:** (Please note: This guideline is subject to change from time to time)

- Fields 1 to 8 mentioned above are mandatory and must be filled.
- You can upload a maximum of 50 records in a single file.
- A maximum of 5 files can be uploaded per day.
- If you find any errors in the uploaded file, you can return to the main menu and re-upload the corrected file.
- After uploading, all records (valid and erroneous) will be displayed. You can choose to select all valid records or only specific ones.
- Unselected valid records will be automatically rejected.
- After selecting the records, you will be prompted to enter your Transaction Password and OTP.
- The file status will initially show as "Processing". The system will process the file automatically within 15 minutes.
- Once processed, the file status will change to "Processed". You can click on the file name to check the transaction status (SUCCESS or FAILED).
- An Excel report can be generated for future reference.

○ After preparing the Payment Bulk Upload file, click on the Payment Upload option. On clicking the option, the following screen will be displayed to you:

- If you do not select all valid records from the file and proceed with the transaction by entering your transaction password, then system will display a prompt message: "You have selected 2 records out of 3 valid records. The remaining 1 record will be auto-rejected if not selected. Do you want to proceed?"
- On clicking OK, a One Time Password (OTP) will be sent to both your registered email ID and mobile number.
- After entering the OTP, your file will be processed further, and the transaction will be executed after 5 minutes.

❖ Financial & Non-Financial Activity Approval under Maker-Checker Concept:

- If a firm operates under the "JOINTLY" mode or if the firm's signing authority opts for the Maker-Checker functionality, then transactions or service requests must go through a Maker-Checker functionality.
- Maker (first user) initiates the Transaction or Service request, and Checker (second user) must then log in separately and navigate to the Pending Approval menu to approve or reject the records entered by the Maker.

The screenshot shows the Kalupur Bank dashboard. The top header includes the bank logo, a welcome message, and the last login time (21/04/2025 11:26:13 AM). The left sidebar contains navigation links: Dashboard, Account, Transactions, Service Requests, Bill Payment, Bulk Upload, and Pending Approval (highlighted in yellow). The main content area is titled 'Dashboard' and displays 'Account & Last 10 Transactions'. It includes buttons for 'View All Balances' and 'View All Transactions'. The account details show a balance of ₹ 57,394.98. The transaction list shows five recent transactions, including a cash deposit of ₹ 49,500.00 and several debits.

Account Number	Date	Description	Amount
21/04/2025	CASH DEPOSIT	₹ 49,500.00	
21/04/2025	ACH Debit :BDECS -...	₹ 1,000.00	
21/04/2025	IMPS/511010065847/...	₹ 1.00	
21/04/2025	NEFT/KCCBR25111472614/...	₹ 1.00	
21/04/2025	Loan Account Payments For	₹ 49,500.00	

The screenshot shows the 'Pending Approval' screen in the Kalupur Bank system. The top header includes the bank logo, a welcome message, the last login time (21/04/2025 11:26:13 AM), and a session time indicator. The left sidebar contains navigation links: Dashboard, Account, Transactions, Service Requests, Bill Payment, Bulk Upload, and Pending Approval (highlighted in blue). The main content area is titled 'Pending Approval' and displays five approval options, each with an icon and a label:

- Transaction Approval
- Beneficiary Approval
- Payment Bulk File Approval
- Beneficiary Bulk File Approval
- Pending Service Requests Approval

- On clicking the "Pending Approval" menu, multiple approval options will be displayed as shown above.

- **Transaction Approval:**
 - Allows Checker User to approve or reject financial transactions initiated by the Maker User.
 - Maker User can only reject their own transactions and does not have approval rights.
 - Checker User can select and process multiple records at once.
- **Beneficiary Approval:**
 - Allows Checker User to approve or reject Add, Modify, or Delete actions on beneficiaries initiated by Maker User.
 - Again, Maker User can only reject their own requests and cannot approve them.
- **Payment Bulk File Approval:**
 - Allows Checker User to approve or reject bulk payment files uploaded by Maker User.
 - Maker User can only reject their submitted files.
- **Beneficiary Bulk File Approval:**
 - Allows Checker User to approve or reject bulk beneficiary files submitted by Maker User.
 - Maker User can only reject their submitted files.
- **Pending Service Requests Approval:**
 - Through this option, Checker User can approve or reject service requests submitted by Maker User, such as cheque book requests, positive pay instructions, and stop payment requests.
 - Maker User is only authorized to reject their own requests.

IMPORTANT:

- ★ **Auto-Rejection of Pending Transactions:**
 - All financial transactions initiated by the Maker must be authorized by the Checker within the same business day.
 - If not authorized by end of the day, such pending transaction will be automatically rejected by the system.
 - You are advised to ensure timely authorization by the Checker on the same day to ensure successful transaction processing.
- ★ **BBPS (Bill Payment) Maker-Checker flow limitation:**
 - BBPS – Bill Payment facility is not available under the Maker-Checker workflow. This means BBPS Transaction cannot be initiated and authorized through Maker-Checker process.

❖ Contact Us

★ Our Helpdesk Support Team will be readily available to assist you.

- You can reach to us 079-66215894-96
- You can write to us helpdesk@kalupurbank.com.

★ Security Tips

- The URL in your browser address bar begins with "https".
- The address or status bar displays the padlock symbol.
- Click the padlock to view and verify the security certificate.
- Phishing is a fraudulent attempt, usually made through email, phone calls, SMS etc seeking your personal and confidential information.
- Kalupur Bank or any of its representatives never sends you email/SMS or calls you over phone to get your personal information, password or one time SMS (high security) password. Any such e-mail/SMS or phone call is an attempt to fraudulently withdraw money from your account through Internet Banking. Never respond to such email/SMS or phone calls.
